Phil Schneider

**1008 EAST ST. MARY BOULEVARD  
LAFAYETTE, LOUISIANA**

## THE VISION

THE LAFAYETTE ART ASSOCIATION (LAA) was established in 1959 by a core group of artists and art connoisseurs for the purpose of promoting, supporting, encouraging, and educating in the visual arts. An open to the public art gallery followed for this member-driven organization. In 2009, the Lafayette Art Association celebrated its 50th year of operation. An all volunteer staff oversees the activities at the Main Gallery location as well as its several satellite locations. Workshops and classes on the arts are held regularly for children and adults of all ages encompassing an array of media areas.

In 1995, the Lafayette Art Association became the forerunner in North America dedicating a weekend symposium to the expansion of fire-crafted art forms in metal, clay and glass. Local and national artists invite children and adults to watch demonstrations and create their own objets d'art. For more information on this annual trademarked festival visit

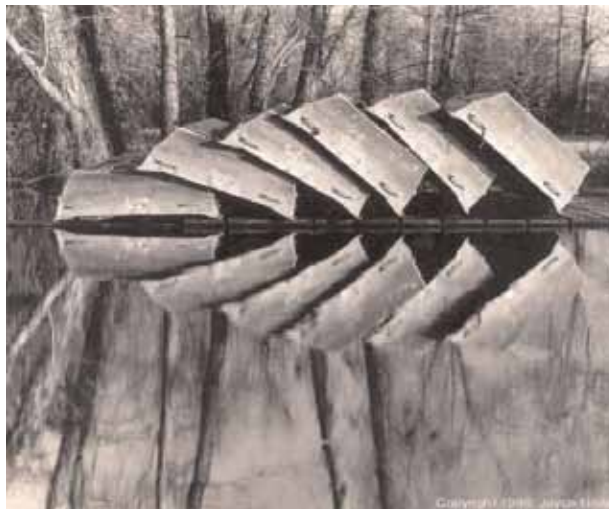

[www.lafayetteart.org](http://www.lafayetteart.org)

In 2008, the LAA initiated and organized the Lafayette Watercolor Guild (LWG) under its arts umbrella. Demos, workshops and weekly paint-ins as well as an annual watercolor exhibit are offerings as the LWG approaches a triple digit membership.

## PUBLIC PROGRAMS
